

...finding NIEUWLAND 70 A, 9000 Ghent

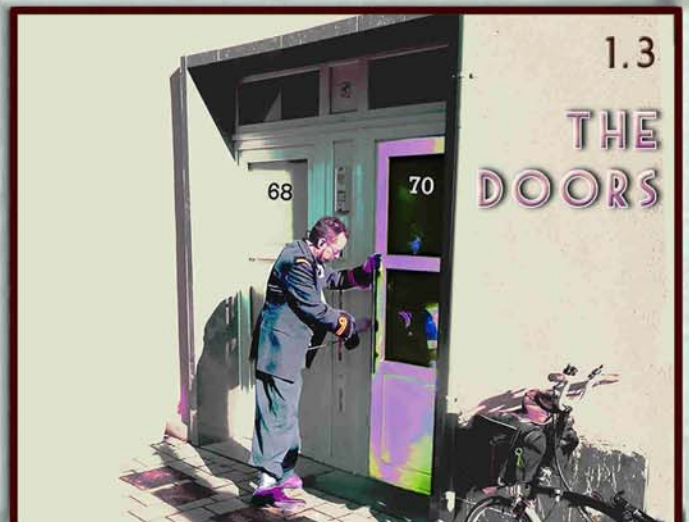

If you look at the map above, you'll see a red point marking the corner on which NIEUWLAND intersects with DESIRE FIEVESTRAAT. SLEEPSTRAAT is a good point of reference as everyone knows where it is, and tram 4 that leaves from directly in front of the central station runs along it. The stop nearest to my house is called COPPINSSTRAAT (indicated inside a red circle on the map).

Looking left, the first door from the corner between the large windows is to a shop/office space. The second set of two doors are the ones you should aim for as they lead to the apartments in the building.

Of the two doors, the one on the right leads to an entrance hall with a set of stairs and further on a door. This second door leads to a second set of stairs to my apartment(s).

If you are not expected you may have some difficulty getting in. You could try one or both of the two doorbells numbered 70 A & 70 B, but these are often not heard. The most reliable way to get in is to let me know you're coming, and then call the phone number below with your mobile phone. Good luck with that.
